SHUMOUS GLOBAL
TRADING AND ENGINEERING SOLUTIONS

About US

Shumous Global Establishment (SGE) is a diversified trading and engineering solutions based in Hashemite Kingdom of Jordan. The company strongly focuses on providing value added services to its customers' requirements in the Hashemite Kingdom of Jordan and Iraq .

We function as partners to overseas manufacturers and we are proud to represent many well-known international companies, trading establishments, services and consultancy firms.

Our products and services cater for sectors as diverse as Oil & Gas, Power, Chemical, Petrochemicals, Mechanical, Non-Metallic, Steel & Metrological, Electrical, Instrumentation, and Materials Handling. We are well known for constantly encouraging innovation and modern technologies.

The background of the slide is a blue-tinted photograph of an industrial facility, possibly a refinery or chemical plant, featuring large storage tanks and complex piping. A large, solid orange circle is positioned on the left side of the image, containing the word 'Mission' in a bold, black, sans-serif font. The bottom of the slide features a dark blue background with a white and orange wavy graphic element that separates the header from the text.

Mission

To provide our clients competitive and premium quality equipment and services, and to seek growth through new ideas, new products and strong partnerships and to continuously improve our business processes leading to prompt and efficient sales and after sales services.

Vision

To be the preferred partner in supplying products for the industrial and to be a prominent trading establishment / organization with growing influence in global markets.

ROCKWOOL GROUP

ROCKWOOL® Technical Insulation a subsidiary of the ROCKWOOL Group develops innovative technical insulation solutions for the process industry and the shipbuilding & offshore market. Through our comprehensive Stone Wool product lines ProRox and SeaRox we offer a full spr ad of sustainable products and systems guaranteeing the highest possible thermal and firesafe insulation of all technical installations.

Our Stone Wool products offer the highest possible protection against heat and energy loss, fire, noise and other unwanted influences:

- ✓ Fire Resistant, Moisture & Water Repellent, Sound Absorbing
- ✓ 75 + Years Of Experience
- ✓ Melting point above 1000°C
- ✓ Easy Handling Installation
- ✓ Flexible Application
- ✓ Wide Range of Diameter & Insulation Thickness
- ✓ Environment Friendly (Positive Carbon Footprint)
- ✓ Tested & Approved By All Major Classification Societies
- ✓ Meets the Most Stringent Quality and Safety Standards

We can offer you exceptional stone wool insulation solutions, expert tools and an impeccable service.

MOLYSLIP®

MOLYSLIP COMPANY

Molyslip® leads the way in advanced lubricant technology, delivering superior performance every time with tried and tested lubricants used in the marine, automotive, metalworking, oil and gas, rail, glass manufacturing, food and beverage industries

Products specially formulated to keep machines and equipment operating in the most adverse conditions which results in:

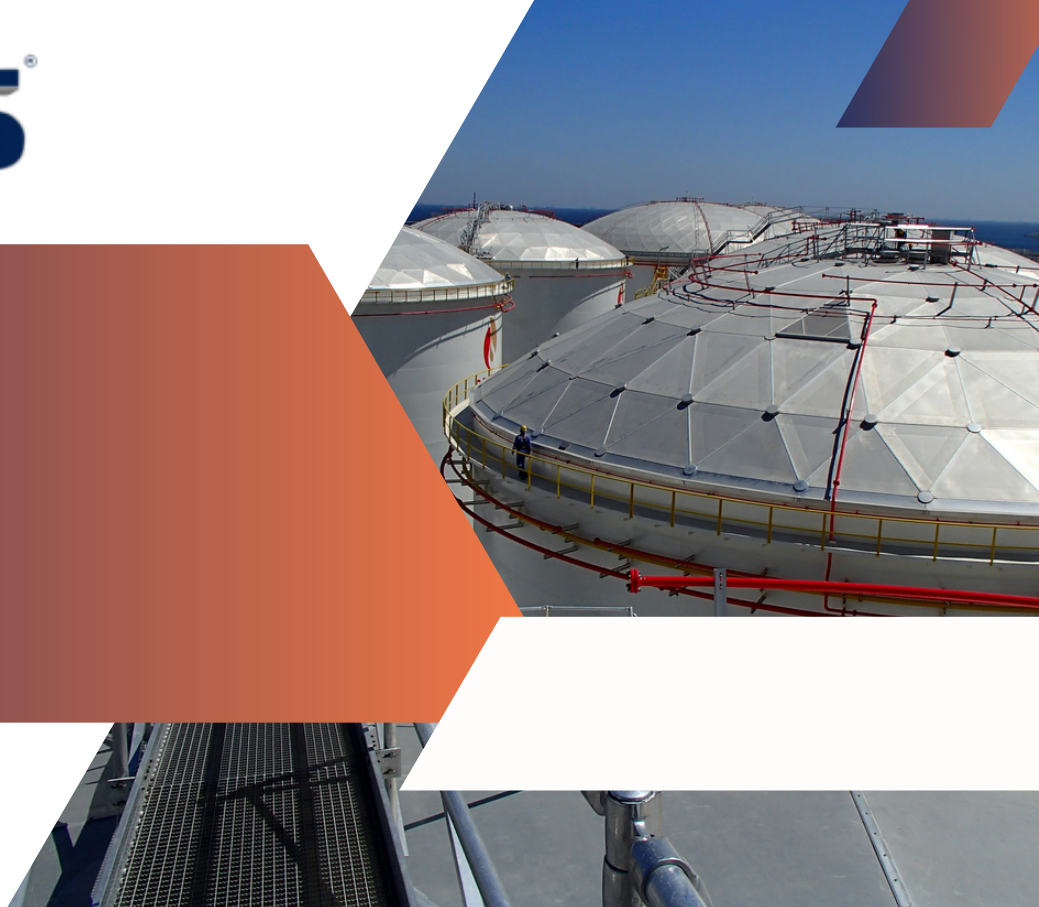

- ✓ Reduced Operating Costs
- ✓ Increase Equipment & Tool Life
- ✓ Improve Component Quality
- ✓ Extending Maintenance Intervals

Product range includes specialist anti seize and assembly compounds plus oils and greases offering superior extreme pressure and anti wear properties

OIL & GAS | MARINE & PORT | STEEL INDUSTRY | METAL WORKING
GLASS MANUFACTURING | MAINTENANCE & REPAIR | FOOD INDUSTRY

CTS GROUP

CTS is a leading global solutions provider with a strong foothold in the tank storage industry. CTS is specialized in the design, manufacturing, supply and installation of products and systems used in the safe and effective transfer for storage of chemicals and hydrocarbons. The management of CTS has an extensive track record in requirements in this area.

Our goal is to provide well engineered innovative solutions that focus on total cost of ownership, reduction of our environmental footprint and reliability.

ASSET MANAGEMENT	SUSTAINABILITY	INDUSTRIAL SUPPLIES
SPECIAL INSPECTIONS	ALUMINUM DOME & INTERNAL FLOATING ROOFS	HOSES
INTEGRITY ASSESSMENT	EX-SOLAR PANELS AND ENERGY STORAGE	VALVES
MITIGATION	SMART EMISSION MONITORING	VENTS
SCOPING	TANKS SEALS	SWIVELS

Our team aims to provide solutions rather than products. Their expertise and experience is a guarantee that the products are installed in the most economic, efficient and above all safe manner.

APPROVED BY SAUDI ARAMCO WITH ONGOING MID FORMS

MIDSUN GROUP

Midsun HVIC is a one part RTV silicone coating that prevents flashovers due to leakage current in contaminated environments.

Midsun HVIC silicone coating is uniquely formulated to offer excellent performance and a long term solution to flashover problems Not only is Midsun HVIC highly water repellent, so contaminants cannot film over the surface, but it is not affected by UVlight,Temp rature,Corrosive environments, ATH pitting from dry band arcing.

Our Midsun HVIC Energized offers utility companies the opportunity to perform quality maintenance for pollution induced outages, without having to experience costly shut downs.

Benefits:

- ✓ Costly maintenance shut downs.
- ✓ Unnecessary wear and tear to system back up units.
- ✓ Reliance on peak loading generation.
- ✓ Pollution caused outages.
- ✓ IPP contract fines.
